

Service Note		
Product	Description:	Service note no.
<b>Motofader64</b>	<b>Display error</b>	<b>795 10 1813</b>

**IMPORTANT:**

Modification should only be carried out by authorized technicians.

**Symptoms:** Due to possible overloading of the display backlight on the Motofader64, a current limiting resistor must be added. The modification is done on the display module according to attached description/drawing.

**Remedy:** Units received for service must be reworked with a new modified display. **Please scrap old display because of possible damage.** No change in schematics.
