

Service Note		
Product	Description:	Service note no.
Rebel Stack	Rubber washer not necessary	SNo-T0108

Reason for note:

It has come to our attention that the Rubber washers for the front grille sometimes can't be reused.

Actions:

We have investigated the need of these washers and the conclusion is that they are not needed at all. Therefore when a Rebelstack is in for service it doesn't matter if these rubber washers are reused or not.

They will not be mounted at new productions either.
