

Service Note		
Products	Description:	Service note no.
VoiceWorks Plus	Restoring Factory settings	SNo-T0161

Reason for note:

To tell how you restore the factory settings of your VoiceWorksPlus

Actions:

To restore the default factory settings of your Voice Works Plus, just follow the 4 steps below:

1. Power up your VoiceWorks Plus while holding the "**ENTER**" key (scroll wheel) pressed for aprox. 2 seconds
2. Select "**Restore System Settings**" with the datawheel. (if you just want to restore the factory presets choose "**Clear user preset bank**" instead)
3. Confirm the reset procedure by pressing the "**ENTER**" key (scroll wheel)
4. The next time you turn on the VoiceWorks Plus, it will start with its restored default factory settings.

IMPORTANT:
