

Service Note		
Product	Description:	Service note no.
VoiceLive Rack	Factory settings and UI test	SNo-T0170

Reason for note:

Advice how to make a factory reset, factory presets reset, factory system reset and UI tests.

To get it to work please note you have to press the buttons mentioned below when the splash screen appears.

Actions:

To perform a:

Factory reset: Hold down “uMOD”, ”DELAY”, “REVERB” & “TONE” during power up.

UI Test: Hold down “uMOD” & “DELAY” on power up

UI Test (Slow): Hold down “uMOD” & “REVERB” on power up

Flash test: Hold down “HARMONY”, “DELAY” & “TRANSDUCER” on power up

Factory presets reset: Hold down “uMOD”, “DELAY” & “REVERB” during power up

Factory system reset: Hold down “HARMONY”, ”DOUBLE” & “TRANSDUCER” during power up.
