

## Restriction nr 2

When ordering a DICO spare part you will need to send this information to Labgruppen.

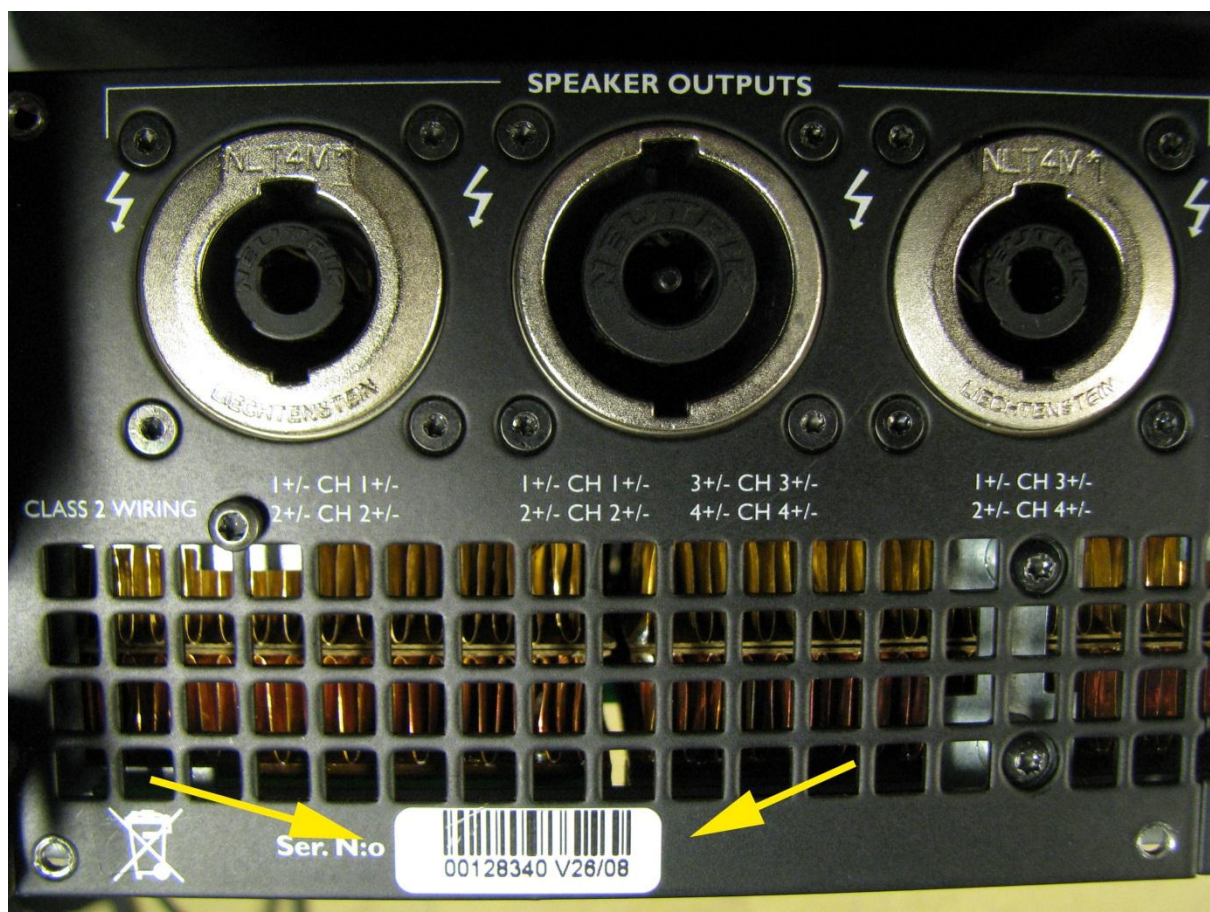

The unique serial number of your unit and the item name on the DICO-board (see this instruction for how to find them)

1. The unique Serial number is programmed and stored into the DICO board. This can be seen on the front panel of the PLM buy the (*Menu -> Frame -> Frame info -> Serial nr*) as shown in Pic 1 This number should be the same as the serial on the back-panel serial number sticker on the unit as shown in Pic 2
