

Service Note		
Product	Description:	Service note no.
VoiceLive 2	Blue screen.	SNo-T0146

Reason for note:

To give a possible solution for "Blue screen".

Actions:

Uploading the Voicelive2 firmware manually via midi is very often a working solution for the blue screen issue.
Please find links and help how to do in the guides "Recommended software for MIDI dumps/back-ups/software updates" and "How to configure MIDI-OX"
